
MYSTERY QUEST

Treasure Hunt | Team of 2

Recommended Duration

- Qualifier Round: 10-15 minutes
 - Each team must consist of 2 participants
 - Main Treasure Hunt: 60-75 minutes
 - Total event duration: 1 hour 30 minutes including briefing and result announcement.
-

1. Qualifier Round

Before the actual Treasure Hunt begins, a Qualifier Round will be conducted.

- Participants will be given objective-type questions that must be answered using their mobile phones.
- Based on their performance in the Qualifier Round, selected participants will be eligible to enter the main Treasure Hunt.
- Only the shortlisted participants/teams will proceed to the actual game.

2. Treasure Hunt - Game Procedure

The Treasure Hunt will consist of 8 consecutive rounds involving clues, locations, QR codes, and questions.

Step 1 - First Clue

- The organizers will provide an indirect clue to the participating teams.
- Teams must solve the clue and identify the location indicated by it.
- They must then proceed to that location.

Step 2 - Finding the QR Code

- A QR code will be hidden at the identified location.
- Teams must search for and find the QR code.
- Once found, they must scan it using their mobile phone.

Step 3 - Answering the Question

- After scanning the QR code, a question will appear on the team's mobile phone.
- The team must solve the question and determine the correct answer.

Step 4 - Reporting the Answer

- An organizer will be stationed at a designated location.
- The team must reach the organizer and give the correct answer.
- The organizers will record the order in which the teams provide the correct answer.

Step 5 - Next Clue

- Once the answer is verified, the organizer will provide the team with the next clue/question.
- The team must solve the clue, identify the next location, and proceed there.
- Another hidden QR code will be placed at the location.
- The team must find and scan it to receive the next question.

3. Repetition of the Process

The same process will continue for 8 rounds:

Clue -> Identify Location -> Find QR Code -> Scan -> Solve Question -> Reach Organizer -> Submit Answer -> Receive Next Clue

The team must complete all the rounds while following the event rules.

4. Winner Selection

- The organizers will record the order in which each team correctly answers the questions at every checkpoint.
- After completing all 8 rounds, the teams that finish the entire hunt first will be considered for the final result.
- The top two teams will be declared the winners.
- Prizes will be awarded to the first-place and second-place teams during the prize announcement.

Important

Participants must follow all instructions given by the organizers and must not tamper with, move, or damage any QR codes or clues placed for the event.

MIND LINK

Connections | Team of 2

Team Formation

- Each team must consist of 2 participants.
 - The game will be conducted in 3 rounds.
 - Participants must qualify in each round to proceed to the next round.
 - The final two qualifying teams will receive prizes.
-

ROUND 1 - IMAGE CONNECTION

1. The organizers will display two images that are indirectly connected to form a single word.

Example:

Fire + Wall = Firewall

2. A total of 10 image connections will be displayed.
 3. Participants will be given 1 minute to identify the answers.
 4. Teams must write their answers on the answer sheet provided by the organizers.
 5. Instead of a traditional buzzer, 5 cups with small balls placed on top will be arranged.
 6. Once the round is completed, the organizers will give the signal.
 7. The participant who picks up the ball first and places it inside the cup will get the first opportunity to answer.
 8. The team must provide their answers to the organizers.
 9. Teams that fail to secure the answering opportunity will be eliminated from the round.
 10. Teams that successfully participate and provide the required answers will qualify for Round 2.
-

ROUND 2 - LOGO MEMORY & RAPID IDENTIFICATION

Team Battle Format

1. A series of technical logos, application logos, software logos, and other relevant logos will be displayed on a projector.
2. The qualified teams will compete two teams at a time.
3. From each team, one participant will be called to participate in that particular match.
4. The selected participants from the two teams will be given 1 minute to observe and memorize the logos displayed on the projector.
5. After 1 minute, the projector display will be switched off.

Logo Identification

6. Once the display is switched off, the two participants must identify the logos they remember.
7. The participants will answer alternately.
 - Participant A - gives one logo name
 - Participant B - gives one logo name
 - Participant A - gives another logo name
 - Participant B - gives another logo name
 - And so on.
8. Participants must not repeat a logo that has already been mentioned by either participant.
9. When it is their turn, each participant must provide an answer within 10 seconds.
10. If a participant takes more than 10 seconds to answer, that participant will be eliminated/rejected from the round.

11. If a participant gives an incorrect answer or repeats a previously mentioned logo, the participant will also be eliminated according to the event rules.

Shortlisting

12. The same process will be conducted between two teams at a time.
 13. The participant/team that successfully identifies the logos while following the rules will be shortlisted.
 14. The shortlisted teams will proceed to Round 3.
 15. The organizers' decision regarding qualification and elimination will be final.
-

ROUND 3 - TECHNICAL AUDIO CONNECTION

1. The shortlisted teams will be provided with headphones.
 2. An audio clip/song will be played through the headphones.
 3. During the audio, a technical term will be incorporated or presented.
 4. Participants must carefully listen to the audio and identify the technical term.
 5. The participant must verbally communicate the answer to the organizers.
 6. The team that correctly identifies the required technical term will be considered for the final winning position.
-

WINNER SELECTION

- The teams will be evaluated based on their performance throughout the three rounds.
 - The top two qualifying teams will be declared the winners.
 - First Prize and Second Prize will be awarded to the respective teams.
-

GENERAL RULES & REGULATIONS

1. Each team must consist of exactly 2 participants.
2. Participants must follow all instructions given by the event coordinators.
3. Answers must be given within the specified time limit.
4. Participants must not use unauthorized electronic devices or external assistance.
5. Repeating an already mentioned answer is not allowed.
6. Any form of cheating or unfair assistance will result in immediate disqualification.
7. Participants must maintain discipline throughout the event.
8. Any dispute will be resolved by the event coordinators/judges.
9. The decision of the event coordinators/judges will be final and binding.
